

COMMUNITY NOTICE

Further to recent Community Notices regarding employment positions at the Eurobodalla Aquatic Centres.

Coaching & Traineeship Appointments: **UPDATES**

Coaching Position

Three potential Head Coaches have been interviewed over the past week, with two applicants offered financial assistance (accommodation costs) to meet with the Facility Manager this week. Both applicants have agreed to contract conditions.

Community Aquatics also intends to interview a local area coach during this week, and we are hopeful that an announcement about a new Head Coach will be made next week.

Traineeships

Thus far we have responded to 4 enquiries for traineeships and received two applications. Both applicants will be interviewed either this week or early next week; pending on their availability.

Learn to Swim Instructors: **UPDATES**

Community Aquatics is currently discussing the appointment of a new Learn to Swim Instructor to assist with services.

Additionally, Eurobodalla Shire Council (ESC) and Community Aquatics will be jointly funding a Swim Australia Teacher of Swimming accreditation course.

This course will be delivered under customised arrangements where candidates will undertake the theory component at home, complete custom training by Community Aquatics and then commence practical teaching under Community Aquatics supervision.

The candidates will then be assessed individually during the school holidays.

Typically, the ASCTA Teacher of Swimming Course costs a candidate \$260. However, candidates completing the course sponsored by the ESC and Community Aquatics will be required to pay \$75 at enrolment and \$50 at time of final assessment.

A maximum of 12 positions are being made available. Any persons wishing to participate should send their interest to jobs@communityaquatics.com.au
